#### GUEST SPEAKER

**Pamela K. McClain, D.D.S.**, Certificate in Periodontology; Diplomate, American Board of Periodontology; and Clinical Assistant Professor, University of Colorado, School of Dentistry. Dr. McClain has participated in several clinical research projects including evaluation of EMDOGAIN after multiple treatments. She is a reviewer for the *Journal of Periodontology*, the *Journal of the American Dental Association* and the *International Journal of Periodontics & Restorative Dentistry*. Dr. McClain has received several honors and awards including the first R. Earl Robinson Periodontal Regeneration Award from the Academy of Periodontology. She has presented continuing education programs at the national level for the American Dental Association and the Academy of Periodontology and has also presented courses for several other dental organizations around the country. Dr. McClain is in full-time practice limited to periodontology in Aurora, Colorado. She has received research support from Biomimetics and from Orapharma.

*This course is funded in part by an unrestricted educational from Procter & Gamble.*
