SPEAKER

Jimmy Eubank, D.D.S., is a nationally recognized leader in the field of esthetic dentistry with over 24 years of experience as a dental practitioner. Dr. Eubank has the unique distinction of being the only professional in the world accredited as both a dentist and a laboratory technician by the American Academy of Cosmetic Dentistry. In addition to his dual accreditation, Dr. Eubank has trained with master ceramists in the United States and Europe, making him an end-to-end expert on esthetics and occlusion. Dr. Eubank is currently the Director of the Post Graduate Esthetics Continuum at Louisiana State University School of Dentistry. Dr. Eubank currently maintains a comprehensive care practice and laboratory focused on esthetics and occlusion in Plano, Texas. Dr. Eubank is a consultant to Cosmedent.

Jeff Morley, D.D.S., is one of the pioneers in the field of esthetic dentistry. Dr. Morley began working extensively with bonding technology over 20 years ago and in 1979 converted a successful general practice into an exclusive restorative practice focused solely on cosmetic dentistry. He is Co-Founder and Past President of the American Academy of Cosmetic Dentistry. Dr. Morley is a distinguished speaker and prolific writer on many facets of diagnosis and treatment in esthetic dentistry. As a teacher he is committed to sharing the most up-to-date materials and techniques that are successful in his San Francisco private practice. In addition, he will show you how to integrate the expanding field of cosmetic dentistry into your practice. Dr. Morley is a consultant to 3M, Bisco and Cosmedent.
