SPEAKER

Jeff Morley, D.D.S., is one of the pioneers in the field of esthetic dentistry. Dr. Morley began working extensively with bonding technology over 20 years ago and in 1979 converted a successful general practice into an exclusive restorative practice focused solely on cosmetic dentistry. He is Co-Founder and Past President of the American Academy of Cosmetic Dentistry. Dr. Morley is a distinguished speaker and prolific writer on many facets of diagnosis and treatment in esthetic dentistry. As a teacher he is committed to sharing the most up-to-date materials and techniques that are successful in his San Francisco private practice. In addition, he will show you how to integrate the expanding field of cosmetic dentistry into your practice. Dr. Morley is a consultant to 3M, Bisco and Cosmedent.

Paul Olin, D.D.S., M.S., Associate Professor, Division of Prosthodontics, Department of Restorative Sciences, University of Minnesota, School of Dentistry; Director, Dental Implant Program, School of Dentistry. In addition to his administrative and teaching responsibilities, Dr. Olin practices part-time in the faculty practice at the School of Dentistry. He has extensive clinical and teaching experience with porcelain veneers and with other areas of esthetic dentistry. *Dr. Olin is the Director of the Postgraduate Programs in Esthetic Dentistry: Levels -III at the University of Minnesota School of Dentistry.*
