Guest Speaker

Eugene A. Pantera, Jr., D.D.S., M.S., Clinical Associate Professor in Endodontics and Assistant Dean for Continuing Dental Education at the School of Dental Medicine, University at Buffalo, The State University of New York. In addition to many peer reviewed publications and presentations, Dr. Pantera is the former Endodontics Section Editor for Clark's Clinical Dentistry and contributor to Schuster's Oral Microbiology & Infectious Disease. Dr. Pantera presents seminars nationally and internationally and lectures to all levels of dental and graduate students on varied endodontic topics. Dr. Pantera practiced general dentistry for several years and currently maintains a private practice limited to endodontics.
